The Purpose of a Professional Registry

As Baptists, we believe that ideally the local fellowship of believers should nurture, call out, affirm, support (financially and spiritually), validate, pray for, and finally, lay hands on a candidate for the Christian ministry in the solemn act of ordination. As long as this "called out one" serves as a minister of that local congregation, he/she is accountable for performance of ministry to that ordaining body. However, once that minister of the Gospel leaves the membership of the ordaining church and seeks to find a place in the wider fellowship of the family of churches called the American Baptist Churches in the USA or in any of its affiliated missions or agencies, that minister is accountable to the Region for continuing validation of his/her "standing" with the wider fellowship. "Standing" or "recognition" of any Professional Church Leader ordained, commissioned, or lay, is obtained at the region level. In the case of the American Baptist Churches of Michigan Region, the recognition or standing is granted each year by the Commission on Ordination and Standing, American Baptist Churches of Michigan. The qualifications for standing are outlined under each category of the Registry. The number appearing after the name of clergy in all categories, except Categories II and III, is the year of his/her ordination.

A professional registry's purpose is to reflect the changing status of all Professional Church Leaders claiming to have standing with the American Baptist Churches of Michigan and thus standing in the General Directory of Professional Church Leaders of the American Baptist Churches in the USA, published each summer at Valley Forge, Pennsylvania. If interested, one may obtain a copy of the full Standing Rules of the Commission on Ordination and Standing by writing to the American Baptist Churches of Michigan, 4578 S. Hagadorn Road, East Lansing, Michigan 48823-5396.
